- Policy and Resources Committee meeting 17 February 2021.

PUBLIC PARTICIPATION

Katie Day, Artistic Director of The Other Way Works, spoke in support of the grant application at agenda item 6. Reaction Theatre Makers have applied for a large grant of £1500 to commission Birmingham-based theatre company The Other Way Works to develop a new audio experience for individuals and families based around the bandstand in Priory Park. Katie Day explained that the company creates playful theatre that immerses audiences in a story; the bandstand project tells fictional stories based on historical accounts from local residents, and these podcasts, lasting ten to fifteen minutes, can be downloaded onto mobile phones for people to listen to whilst visiting the bandstand. Tiffany Hosking from Reaction Theatre Makers wanted to bring this to fruition for Malvern's bandstand in Priory

UNADOPTED

Park, as part of the FEAST festival which this year will be held in September, with the podcast being available for at least a year afterwards. She believed this family-friendly project would engage local people as well as bring tourism into the area.

Members of the committee then asked various questions. Some thought that the total project cost of £12,500 was very high to provide a ten-minute podcast, but Katie explained that the costs covered several phases of development including the employment of professional artists, writers and composers. The consultation phase would involve going out into the community to interview members of the public and local history groups, which would take time. The Chairman thanked Katie Day and Tiffany Hosking for attending the meeting and making their presentation. The grant would be considered later in the meeting.

131. MALVERN TOWN COMMUNITY SUPPORT GRANT – CITIZENS ADVICE BUREAU

Report PR01/21 was received and accepted.

The Town Clerk explained that a grant has been awarded by MTC to the Citizens Advice Bureau (now Citizens Advice South Worcestershire, CASW) for many years under a long-term agreement which has been renewed every three years. The current application is for the same amount as the previous agreement and full supporting documentation was available to Councillors upon request.

Marie Henry, CEO of the CASW attended the meeting in support of the application and to answer questions from members. She explained that the service offers trusted advice to people in the Malvern Hills and Wychavon area, with at least one third of the people they see living in Malvern, and the central position of the offices in the middle of Pickersleigh ward meant that people could walk there. As part of a national organisation, they have increased powers to lobby for change but still provide a local service. They rely on the generosity of local councils to supply funding so they can meet the increasing need for their services.

Committee was asked to consider awarding a community support grant to the Citizens Advice SW of £15,500 per annum for three years.

Members agreed that the CASW offered a vitally important service, even more so with the effects of the ongoing pandemic, and that it should be supported by a Town Council grant.

It was **AGREED** that the amount of the grant should be increased to £16,000 per annum for three years.

It was **RECOMMENDED** that a grant of £16,000 per annum for three years be awarded to the Citizens Advice South Worcestershire.
